

DEEKSHA SHANKAR NAIK

Frontend & Full Stack Developer | React | JavaScript | HTML | CSS | REST APIs
Bengaluru, Karnataka | +91 9945022720 | snaikeeksha2@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

PROFESSIONAL SUMMARY

Frontend developer with experience creating interfaces using React, JavaScript, HTML, and CSS. Worked on dashboards, data-driven views, API integration, and responsive layouts. Familiar with component structure, state handling, routing basics, and browser-level behavior. Able to connect UI elements with backend endpoints and follow Git-based workflows.

TECHNICAL SKILLS

Frontend: React, React Hooks, JavaScript (ES6+), HTML, CSS, API Handling (Fetch/Axios), Responsive Layouts
Backend & Databases: Python, Django, REST APIs, SQL, PostgreSQL, MySQL, MongoDB
Programming: Java, C
Cloud & Deployment: AWS, Google Cloud Platform
Developer Tools: GitHub, VS Code, Docker, Linux, Render, Vercel
Testing & APIs: Postman, PyTest
Core CS: DSA, DBMS, OS, CN, OOP

TECHNICAL PROJECTS

- MarketPredict** | *Python, Streamlit, Prophet, REST APIs, SQL, yfinance* *Oct 2024 – Jan 2025*
- Led a 4-member team to build dashboard layouts with charts and forecast views using Streamlit's UI components.
 - Processed stock data using yfinance and displayed forecast outputs through Streamlit charts.
 - Handled data retrieval using yfinance and displayed processed values inside Streamlit views.
 - Achieved 87% forecast accuracy by optimizing UI performance and responsiveness across devices.
- QR-Based Attendance System** | *Python, Django, OpenCV, SQLite, HTML/CSS* *Jan 2024 – Sep 2024*
- Structured frontend screens for attendance capture, dashboard views, and status updates.
 - Built the frontend interface for the QR attendance system using HTML, CSS, and JavaScript.
 - Created dashboards for students and faculty with structured layouts and clear data presentation.
 - Improved 95%+ scan accuracy and reduced manual errors; enabled PDF/Excel export for reports.

PROFESSIONAL EXPERIENCE

- Full Stack Development Intern** | **Cognifyz Technologies** | **Aug 2025 – Sep 2025**
- Implemented UI components and pages using HTML, CSS, and JavaScript, and connected them with backend APIs to display dynamic data.
 - Worked with REST API responses to display data on assigned pages and handled basic client-side logic.
- Private Tutor** | **2020 – 2022**
- Delivered personalized tutoring to 15+ students (ages 5–16), leading to a 25% improvement in average test scores.
 - Adapted teaching methods to varying academic levels, enhancing comprehension and boosting student confidence in key subjects through personalized guidance and continuous performance tracking.

EDUCATION

- Canara Engineering College** *Dec 2022 – Jul 2026*
Bachelor of Engineering in Computer Science
- Siddhartha INDP PU College** *Sep 2020 – Apr 2022*
Pre-University, PCMB

CERTIFICATIONS

- Quantum Computing and Introduction to Quantum Machine Learning:** Udemy | Feb 2025
- RDBMS PostgreSQL:** IIT Bombay (Spoken Tutorial) | Nov 2024
- Java:** IIT Bombay (Spoken Tutorial) | Jul 2024
- Linear Algebra using Python:** Infosys Springboard | May 2024
